BELIEVING OUT LOUD: EMBODYING GOD'S RADICAL WELCOME – 11:00AM Sat.

Spiritual Practice Session with Robin Lunn, Facilitator

Belief is more than just something we think about. Belief is a practice that we embody in every encounter of our lives.

This spiritual practice session offers you the opportunity to notice how you embody welcome, how you practice affirmation in your physicality, how you believe out loud without using words, and how your embodiment of welcome can change others and the world.

Using the practices of InterPlay, and building on the Friday workshop offered by Cynthia Winton-Henry called *Praying Your Body—InterPlay Practices as Soulwork*, we will explore the spaces around us as we encounter one another in a practice of embodied welcome.

LUNCH TABLE TALK

Join other leaders and members of Welcoming and Affirming Churches (or those that would like to be!) during lunchtime affinity groups throughout the retreat to share fellowship, stories, dreams and ideas about what it means to embody God's Radical Welcome.
